

Abstract of the disclosure

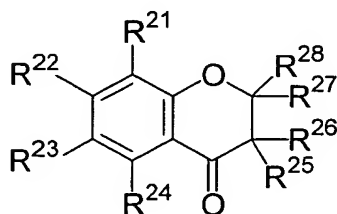

There are disclosed a polybutadiene composition comprising:
a polybutadiene type polymer, and

at least one compound selected from

a compound of formula (I-1):

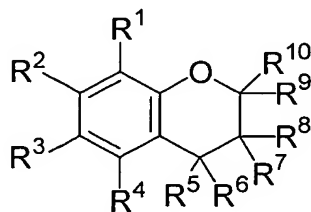

or a compound of formula (I-2):

wherein R¹¹ to R²⁸ are the same or different and independently represent a
hydrogen atom, an alkyl group, or the like; or

a compound of formula (II):

wherein R¹ to R¹⁰ independently represent a hydrogen atom, an alkyl
group, or the like; or

a styrene-butadiene copolymer, and a benzoin compound; and an
article molded therefrom, and processes for producing the composition and
the molded article.
